

BIFFF - BRUSSELS INTERNATIONAL FANTASTIC FILM FESTIVAL REGULATIONS FOR FEATURE FILMS

The BRUSSELS INTERNATIONAL FANTASTIC FILM FESTIVAL has as its purpose to reveal and to promote cinematographic works in the fantasy, science-fiction or thriller genre and to promote the worldwide development of the genre film industry towards the professionals and towards the public.

A) General Conditions

1. A selection committee designated by the administrative board of the festival chooses and invites the films presented in competition and out of competition.
2. The 42nd BRUSSELS INTERNATIONAL FANTASTIC FILM FESTIVAL will take place from 9 till 21 April 2024 at Brussels Expo. The final date to enter a film for the selection is fixed for the 12th of February 2024.
3. Selected films will at least have to be Belgian premieres. Only in exceptional cases will the selection committee allow films that have already been shown at another festival in Belgium to be screened at the BIFFF.

6. A film presented in the official selection of the BIFFF cannot be withdrawn once the rights holder has confirmed the selection.

7. It is not customary festival policy to pay screening fees for selected films. If a fee is asked, the amount has to be agreed upon before selection and confirmed in a memo deal. In the case that a movie wins a competitive section, no extra fee should be charged for the second screening.
8. In the case that a movie is sold to a rights holder for our territory after confirmation of the title, the conditions under which the movie was accepted to the festival will have to be respected by the new rights holder. The festival has the right to present the film under the conditions agreed upon in the memo deal with the original rights holder.
9. The laureates and the film distribution companies engage themselves to use in their publicity the wording of the prizes as stated in article 4.
10. Requested materials have to be delivered before the 12th of February 2024: entry form, promotion material for the film (press kit, poster, trailer...) and the dialogue/subtitles list in order to create the French and Dutch subtitles (if not available before).
